

Section 16-94. Permit Fee Schedule

Fees for permits are hereinafter set out as follows, and shall apply to any person as defined in this division:

(1) Construction Permits

- a. Any person making application to the Memphis and Shelby County Health Department for a construction permit shall pay an initial filing fee of two hundred dollars (\$200.00) per permit unit. This filing fee shall not be refundable if the permit is denied or if the application is withdrawn, nor shall it be applied to any subsequent application.
- b. In addition to the fees in (1) a. above, the largest of the following fees, if applicable, shall be paid:
 1. Prevention of significant deterioration (PSD) review..... \$3,000
 2. Major source or major modification review, except PSD sources review, requiring modeling..... \$2,000
 3. Minor source or minor modification review, requiring modeling..... \$500
 4. New Source performance standard (NSPS) source review, per permit unit..... \$500
 5. National Emission Standard for Hazardous Air Pollutant (NESHAP) source review, per permit unit..... \$500

(2) Inspection/Operating Permit

- a. Any person making application to the Memphis/Shelby County Health Department for an inspection/operating permit shall pay the larger of the applicable fees in accordance with the following schedule:
 1. Asbestos demolition/renovation removal, per notice..... \$100
 2. Air Curtain destructor, per permit unit..... \$100
 3. NSPS Source, per permit unit..... \$100
 4. NESHAP source, per permit unit..... \$100
 5. Any permit unit with actual emissions of 100 tons or more a year of any single pollutant..... \$150
 6. Any permit unit with actual emissions of 50 tons or more a year, but less than 100 tons per year of any single pollutant..... \$100
 7. Any permit unit with actual emissions of 25 tons or more per year, but less than 50 tons per year of a single pollutant..... \$75
 8. Any permit unit with actual emissions of less than 25 tons per year of a single pollutant..... \$50
 9. Any permit issued as the result of a permit by rule or annual

notification and general standards application to a particular business or business group..... \$100

- b. No portion of the inspection/operating fee shall be refundable in the event the source discontinues operation or service during the permitted period.

(3) Modification of a Permit

- a. Any person making application to the Memphis and Shelby County Health Department for the modification of a permit shall pay a fee for each permit unit being modified, except that no fee is required for modification of a permit to correct clerical, typographical, or calculations errors. This fee shall be set as follows:
 - 1. If the modification is anticipated to result in an increase in all pollutants less than 10 tons per year..... \$100
 - 2. If the modification is anticipated to result in an increase in all pollutants more than 10 tons per year, but less than 50 tons per year..... \$250
 - 3. If the modification is anticipated to result in an increase in all pollutants more than 50 tons per year..... \$500

(4) Stack Sampling

- a. If a source is required to demonstrate compliance by stack sampling its emissions, it shall pay the following additional fees:
 - 1. Any testing requiring US/EPA methods 1 through 4 only, per permit unit..... \$100
 - 2. Particulate emissions testing requiring US/EPA Method 5, per permit unit..... \$300
 - 3. Any other pollution testing by Methods other than US/EPA Method 5, (excepting those subject to subsection 1 immediately above), per permit unit..... \$500
- b. Any retest required to demonstrate compliance shall be subject to the fee schedule as stated in the subparts 1 through 3., immediately above.

(Ord. No. 3782, 8-8-88; amended by Ord. No. 4105, effective 7-1-92.)
